***2018 Additional Surcharge Explained**

This year's WCSR will take place alongside the Tuas Waterfront Project. This project involves significant reclamation works, to the south of Raffles Marina.

Due to ongoing dredging works, a large area of water has been designated by MPA as "works area" and out of bounds under normal circumstances. Following the joint efforts of the event organisers and the relevant authorities, special compensation has been negotiated for WCSR to encroach into some of those areas designated "works area" for the three days of the regatta only. The contractor has agreed not to work in these special areas for these three days.

One condition of this compensation is that we are required to put in place an extension insurance cover for consequential risks, only activated when any claim exceeds any offending vessels own P&I limit. Participating crafts must have and maintain their own H&M and P&I cover for liability risks for not less than what is required by MPA.

Two thirds of the premium are being covered by the event organisers. it is necessary to share the remaining third between participating boats, hence the additional surcharge this year. We apologise for this, but this does allow us to provide you with the best possible race conditions. All other fees remain unchanged. We seek your kind understanding.

The surcharge per boat is \$28.00 plus GST.
